# DOG TRAINING SERVICES

---

Private consultations in your home, at a suitable outdoor venue or at our behaviour-only clinic

## REHABILITATION TRAINING

Addressing behaviour issues with a thorough assessment and detailed plan. Suitable for problems that can include:

- Barking
- Reactivity
- Aggression
- Fear of noises
- Separation distress
- Repetitive behaviour
- Other fear-based behaviours

Referral is made to one of our qualified, experienced behaviour vets when determined to be suitable by individual assessment.

## GENERAL TRAINING

Teaching people how to achieve their training goals with force-free modern methods that are also fun and great for strengthening the bond with your dog. We can help with:

- Walking on lead
- Coming when called
- Reliable responses
- Greetings without jumping up
- Calm behaviour indoors
- Grooming and handling
- Enrichment
- Introducing a new puppy or rescue dog
- Trick training

# A HOLISTIC APPROACH TO BEHAVIOUR AND TRAINING

---

AVBS trainers and vets work together to provide comprehensive services based on modern methodology. Each client and their dog are individuals and every plan is developed with this in mind. Our goals for all clients are strong bonds, peaceful homes and happy, healthy dogs.

## SOPHIE ROSEVEAR – TRAINER

---

Sophie has been a trainer for AVBS since 2017 and has spent the last decade learning about and working with dogs. After a lifelong love of dogs and studying behaviour as part of an Animal Science degree she completed a national accreditation in dog behaviour and training with the Delta Institute.

Sophie loves to help people understand, enjoy and have fun with their dogs and knows the power of the human-animal bond.
