The only behaviour-exclusive clinic in South Australia

BEHAVIOUR CONSULTATIONS

Do you have a challenging pet?

AVBS is a practise solely dedicated to dealing with the behaviour of pets. Common behaviour problems seen at

AVBS include:

DOGS

- Aggression
- Excessive barking
- Separation anxiety
- Noise and thunderstorm phobias
- Fear/anxiety
- Compulsive behaviours - eg. tail chasing
- Destructive behaviours

CATS

- Aggression
- Fear/anxiety
- Urine spraying
- House soiling

DR TRACEY HENDERSON
BSc BVMS MANZCVSc
(Veterinary Behaviour)

JENNY FRY
BEHAVIOUR COACH
CERT IV IN COMPANION
ANIMAL TRAINING

The listed behaviours are often irrational, disruptive to the household and detrimental to the health and welfare of the pet. Most pets with these behavioural problems are suffering from an anxiety disorder, which requires veterinary diagnosis and treatment.

Please phone 08 7480 0597 for more information.
